NORTHGLENN HOME FIRE DISPLACES RESIDENTS

Northglenn, CO—Shortly before 10:00 a.m. this morning, North Metro Fire Rescue responded to a structure fire at 10883 Northglenn Drive in Northglenn. Two adults were at home at the time of the fire and they were both able to evacuate without injury. One dog was also at the home and was found with no injuries.

While initial reports were of an outdoor electrical fire, upon arrival fire crews from North Metro Fire Rescue, Thornton, and Westminster Fire Department found a fully involved structure fire. The resident of the property had made two unsuccessful attempts at extinguishing the fire before evacuating and initiating emergency response through the 9-1-1 system.

Initial reports indicate that the fire likely did start on the exterior of the home, but eventually caught a porch on fire which spread the fire to the home's roof and an adjacent garage. The home has heavy fire damage and the residents will be displaced. The American Red Cross has been contacted for assistance.
