Reinspections & miscellaneous inspections = \$130.00/hour per inspector, minimum = \$130.00

Minimum for inspections outside of normal business hours (0700-1630) = \$260.00

*Initial submittals only. Subsequent submittals calculated at \$130.00/hour with minimum fee of \$65.00

**RESOLUTION OF THE
BOARD OF DIRECTORS OF THE
NORTH METRO FIRE RESCUE DISTRICT**

A RESOLUTION ADOPTING FIRE CODE-RELATED FEE SCHEDULE

WHEREAS, the North Metro Fire Rescue District (“District”) is a political subdivision of the State of Colorado, organized and existing pursuant to §32-1-101, *et seq.* of the Colorado Revised Statutes (“C.R.S.”);

WHEREAS, the District is granted all the authorities and powers of a fire protection district organized and operated pursuant to Article 1, Title 32, C.R.S.;

WHEREAS, Section 32-1-1001(1)(j)(I), C.R.S. authorizes the District to fix and from time to time to increase or decrease fees for services, programs, or facilities furnished by the District. In addition, Section 32-1-1002(1)(e)(II), C.R.S. authorizes the District to fix and, from time to time, increase or decrease fees for requested or mandated fire code inspections; and,

WHEREAS, the Board of Directors of the District (“Board”) finds and determines that adopting a schedule establishing fire code-related fees, as well as payment processing fees, is appropriate and necessary to the function and operation of the District.

NOW, THEREFORE, BE IT RESOLVED by the Board of Directors of the North Metro Fire Rescue District, as follows:

1. Adoption of Fee Schedule. The Board adopts the fire code-related fee schedule attached as **Exhibit A** (“Fee Schedule”).
2. Credit and Debit Card Payment Processing Fee. In accordance with Section 29-11.5-103(3), C.R.S., the Board authorizes the Fire Chief to approve the collection of fees associated with the processing of credit or debit card transactions, provided the amount of any fee imposed shall not exceed the actual additional cost incurred by the District to process the credit or debit card transaction.
3. Returned Check Fee. In accordance with Section 13-21-109(1)(b)(I), the Board authorizes the Fire Chief to approve collection of a fee of not more than twenty dollars on any check that is returned for insufficient funds.
4. Late Fees. In accordance with Section 29-1-1102, C.R.S., the Board authorizes the Fire Chief to approve the collection of fees associated with the late payment of any assessed fees in the amount of fifteen dollars or up to five percent per month, or fraction thereof, not to exceed a total of twenty-five percent of the amount due, whichever is greater. A late fee shall not be

imposed if the full amount owed is paid within thirty calendar days of the date due. No additional late fee shall be imposed on the amount owed regardless of the period during which the amount owed remains unpaid. No interest shall be assessed on a late fee.

5. Board Adjustment of Fees. With recommendations from the Fire Chief, the Board may at any time evaluate and adjust the Fee Schedule as needed to meet the District's cost recovery and budgeting objectives.

6. Fire Chief Authorized to Reduce or Waive Fees. The Fire Chief or his/her designee shall be authorized to reduce or waive the fees in the Fee Schedule based upon the circumstances of specific projects which are determined, in his/her sole discretion, to result in reduced or nominal costs to the District for the services provided.

7. Waiver for Governmental Entities. The Fire Chief or his/her designee shall be authorized to reduce or waive the fees in the Fee Schedule, except Increased Services Fees, for governmental entities, including, but not limited to counties, municipalities, schools, and special districts, when the Fire Chief or his/her designee determine, in his/her sole discretion, that either (a) the governmental entity provides reciprocal services or benefits to be of approximately equal benefit to the District, or (b) the governmental entity's project or special event will result in reduced or nominal costs to the District for the services provided. "Increased Services Fees" include re-inspection, after hours inspection, and re-submittals after the first re-submittal.

8. Severability. If any part, section, subsection, sentence, clause, or phrase of this Resolution is for any reason held to be invalid, such invalidity shall not affect the validity of the remaining provisions.

9. Effective Date. This Resolution shall take effect and be enforced within the District's jurisdictional boundaries commencing September 1, 2025.

ADOPTED and APPROVED this 19th day of August, 2025.

Richard Kondo, President

ATTESTED:

Elizabeth Law-Evans, Secretary

EXHIBIT A
FIRE CODE-RELATED FEE SCHEDULE

A.1 Fees. The imposition of fees for fire code-related services and specified activities, such as permitting, pursuant to provisions of the fire code shall be in accordance with this Fee Schedule. The fees in this Fee Schedule shall be paid to the North Metro Fire Rescue District (“District”). The term “Fire Chief” includes his/her designee. The term “fire code official” has the meaning set forth in the fire code.

A.2 Reduction or waiver of fees. The Fire Chief may reduce or waive the fees in this Fee Schedule, except Increased Services Fees, for governmental entities, including, but not limited to counties, municipalities, schools, and special districts, when the Fire Chief determines, in his/her sole discretion, that either (a) the governmental entity provides reciprocal services or benefits to be of approximately equal benefit to the District, or (b) the governmental entity’s project or special event will result in reduced or nominal costs to the District for the services provided. “Increased Services Fees” include re-inspection, after hours inspection, and re-submittals after the first re-submittal. The Fire Chief also may reduce or waive the fees in this Fee Schedule based upon the circumstances of specific projects which are determined, in his/her sole discretion, to result in reduced or nominal costs to the District for the services provided.

A.3 Payment of fees. A permit shall not be valid until the fees prescribed by this Fee Schedule have been paid; nor shall an amendment to a permit be released until the additional fee, if any, has been paid.

A.4 Operational permit fee. A fee shall be charged for any operational permit authorized to be issued by the fire code. The fee shall be based on the time required to conduct inspections and associated activities, to determine compliance with the fire code and other applicable laws and ordinances, and to issue the permit. The operational permit fee shall be calculated at the rate of \$130.00 per hour, with a minimum operational permit fee of \$65.00.

A.5 Construction permit fee. A fee shall be charged for any construction permit required by the fire code. The fee for a construction permit shall be established pursuant to Table A.5 or as otherwise specified in this section. The construction permit fee is intended to cover the cost of inspections required or requested in connection with the work for which the permit is granted, and the associated costs of processing the application. An application for a permit shall include an estimate of the total value of the work, including materials and labor, for which the permit is being sought. If, in the opinion of the fire code official, the valuation is underestimated on the application, the permit shall be denied, unless written estimates are provided in a form acceptable to the fire code official, and that support the valuation set forth in the application. Final construction permit valuation shall be set by the fire code official. Where the application of valuation-based construction permit fee of Table A.5 is inappropriate because of an immoderate total valuation (low or high), the fire code official is authorized to determine the construction permit fee based on the actual costs incurred in processing the application for plan review, issuing the construction permit, and inspecting the subject installation. Such incurred costs shall be based on an hourly rate of \$130.00 per hour and shall be rounded to the nearest half hour.

**TABLE A.5
Construction Permit Fee**

<i>Total Valuation</i>	<i>Fee</i>
\$1.00 to and including \$500.00	\$61.10
\$500.01 to \$2,000.00	\$61.10 for the first \$500.01, plus \$7.93 for each additional \$100.00 or fraction thereof, to and including \$2,000.00.
\$2,000.01 to \$25,000.00	\$180.05 for the first \$2,000.01, plus \$36.40 for each additional \$1,000.00 or fraction thereof, to and including \$25,000.00.
\$25,000.01 to \$50,000.00	\$1,018.55 for the first \$25,000.01, plus \$26.26 for each additional \$1,000.00 or fraction thereof, to and including \$50,000.00.
\$50,000.01 to \$100,000.00	\$1,673.75 for the first \$50,000.01, plus \$18.20 for each additional \$1,000.00 or fraction thereof, to and including \$100,000.00.
\$100,000.01 to \$500,000.00	\$2,583.75 for the first \$100,000.01, plus \$14.56 for each additional \$1,000.00 or fraction thereof, to and including \$500,000.00.
\$500,000.01 and up	\$8,407.75 for the first \$500,000.01, plus \$12.35 for each additional \$1,000.00 or fraction thereof.

Fees for re-inspections, for inspections outside normal business hours, or for inspections for which no fee is otherwise established shall be \$130.00 per hour for each inspector. The minimum fee for miscellaneous inspections and for re-inspections shall be \$130.00. The minimum fee for requested inspections outside normal business hours shall be \$260.00.

A.6 Plan review fee. The plan review fee is intended to cover the significant costs and expenses incurred by the District in reviewing materials necessary to perform appropriate inspections of construction, uses, processes, and operations. The fee shall be assessed based on the reasonable, customary, and necessary time associated with reviewing or evaluating site plans; construction documents and calculations; changes, additions, or revisions to approved plans; construction documents resubmitted after the fire code official's issuing a written statement explaining the reasons that a previous submittal does not conform to the requirements of the fire code and the laws and ordinances applicable thereto; rational engineering analyses; requests to use alternate materials and methods; performance-based designs; technical opinions and reports; hazardous materials management plans and hazardous materials inventory statements required by the fire code official pursuant to the fire code; and all other types of plans necessary to implement, administer, and enforce the provisions of the fire code. When submittal documents are incomplete or changed so as to require additional plan review, an additional plan review fee shall be charged. The plan review fee required by this Section A.6 is separate from the construction permit fee required by Section A.5.

A.6.1 Initial construction-document review. The fee for the review of an initial submittal of construction documents in support of an application for a construction permit shall be equal to 65 percent of the construction permit fee. Where the application of valuation-based construction permit fee of Table A.5 is inappropriate because of an immoderate total valuation (low or high), the fire code official is authorized to determine the plan review fee based on the fire code official's actual costs incurred in reviewing the plans. Such incurred costs shall be based on an hourly rate of \$130.00 per hour and shall be rounded to the nearest half hour.

A.6.2 Other plan reviews. Except for the fee charged for review of the initial submittal of

construction documents pursuant to Section A.6.1, all plan review fees shall be calculated at the rate of \$130.00 per hour, with a minimum plan review fee of \$65.00.

A.7 Emergency alarm inspection fee. An emergency alarm inspection fee shall be charged for all Category II fire alarms, as defined in Section A.7.1.

EXCEPTION: When waived, for cause, by the fire code official.

A.7.1 Definitions. For the purpose of this Section A.7, the following terms shall have the following meanings:

CATEGORY I ALARMS. An alarm requiring a District response where the system operated properly and a District inspection reveals the alarm was caused by a malicious or mischievous action; a guest; circumstances beyond the control of the owner, occupant, or lessee; or by an actual smoke or fire condition.

CATEGORY II ALARMS. An alarm requiring a District response where a District inspection reveals the alarm was caused by a system malfunction, by a user error, or by an undetermined cause.

SYSTEM MALFUNCTION. An alarm which a District inspection reveals was caused by: (1) poor or improper maintenance; (2) improper installation of alarm equipment, hardware, or wiring; or, (3) improper action of the alarm monitoring center or fire alarm installation/testing company.

UNDETERMINED CAUSE. Any alarm for which a District inspection does not reveal the apparent cause.

USER ERROR. The intentional or negligent act or omission of an agent, employee, contractor, or representative of the owner, occupant, or lessee.

A.7.2 Emergency Alarm Inspection Fee Schedule.

A.7.2.1 Category I alarms. A fee shall not be assessed.

A.7.2.2 Category II alarms. The owner, or a representative of the owner, of a fire alarm system transmitting a Category II alarm shall be assessed a fee in accordance with Table A.7.2.2. There is no limit on the amount of Category II alarm fees that may be assessed in a calendar year or calendar quarter.

Where multiple buildings are protected by a single system, the number of Category II alarms caused by system malfunction shall be counted separately for each building, if the location of the malfunction can be ascertained.

EXCEPTION: Category II alarms transmitted in the first 30 calendar days after the District accepts a new system for service shall not be included in the number of alarms.

Table A.7.2.2

Category II Emergency Alarm Inspection Fee

The fees set forth in Table A.7.2.2 shall progressively increase by an additional \$100.00 for each Category II alarm after the first chargeable alarm, with no fee limit in any one calendar year or calendar quarter.

<i>Number of Alarms within a Calendar Quarter</i>	<i>Fee for Each Alarm</i>
1	\$0.00
2	\$0.00
3	\$200.00
4	\$300.00
5	\$400.00
6	\$500.00
7 or more	Progressively increasing at \$100.00 increments

A.7.2.2.1 Rebate eligibility. The District may rebate one-half of an emergency alarm inspection fee if, within thirty calendar days of the alarm, the owner, occupant, or lessee submits to the District written documentation, acceptable to the District, establishing that necessary repairs or corrections have been made to the system by a qualified agent.

A.8 Unauthorized work fee. Any person or entity who commences any work before obtaining a construction permit required by the fire code shall be subject to an unauthorized work fee in an amount equal to the amount of the construction permit fee or \$250.00, whichever is greater. The unauthorized work fee shall be separate from and in addition to a construction permit fee. Payment of the unauthorized work fee shall not relieve any person from compliance with all other provisions of the fire code or from any penalty prescribed by law. The unauthorized work fee shall be assessed regardless whether or not a construction permit is then or subsequently issued.

EXCEPTION: When approved in writing by the fire code official, work may commence prior to obtaining a construction permit.

A.9 Related fees. The payment of the fee for construction, uses, processes, or operations authorized by an operational permit or construction permit shall not relieve the applicant or holder of the permit from the payment of other fees that are prescribed by law or required by the adopted Fee Schedule.

A.10 Fee refunds. The fire code official is authorized to establish a fee refund policy.

A.11 Exception to Construction Permit Fees and Plan Review Fees for Active Solar Energy Systems.

EXCEPTION: In accordance with Section 24-48.5-113 of the Colorado Revised Statutes:

- A. For an active solar energy system sized under 2 MW that is installed at a residential structure regulated by the IRC, the aggregate amount of the construction permit fee under Section A.5 and the plan review fee under Section A.6, shall not exceed the lesser of the District’s actual costs in processing the application for plan review, reviewing the plans, issuing the construction permit,

and inspecting the system installation or \$500.00.

- B. For an active solar energy system sized under 2 MW that is installed at a commercial setting regulated by the IBC, the aggregate amount of the construction permit fee under Section A.5 and the plan review fee under Section A.6, shall not exceed the lesser of the District's actual costs in processing the application for plan review, reviewing the plans, issuing the construction permit, and inspecting the system installation or \$1,000.00; except that, on an individual installation basis only, if the District's actual aggregate costs for performing the work necessary to issue a construction permit under Section A.5 and conduct a plan review under Section A.6 is greater than \$1,000.00, the District is entitled to recover its actual costs by submitting in writing and disclosing to the applicant proof of the actual costs the District incurred in performing the work necessary for issuing a construction permit and conducting the plan review.

A.12 Business noncompliance Fee. The Business Noncompliance Fee is intended to motivate the owner or occupant of a premise to remedy violations and is only issued subsequent to the passage of the time allowed by the District to correct the violations stated in the District's first Order to Comply. A Business Noncompliance Fee is issued before the District requests that law enforcement issue a Misdemeanor Citation toward the owner or occupant, and ensures that the inspection process and any progress towards compliance are not unnecessarily delayed by legal proceedings.

When the District issues the first Order to Comply, the owner or occupant will have between 30 and 60 days to remedy the noted violation(s). The specified period will be based on the severity of the violation(s) and the complexity of achieving compliance and will be determined in the District's sole discretion. If the owner or occupant has not remedied the violation(s) within the allowed timeframe per the Order to Comply, an initial Business Noncompliance Fee of \$500.00 will be assessed to the owner or occupant. The Business Noncompliance Fee will increase every 30-60 days by \$500.00 for every consecutive inspection performed by the District thereafter where non-compliance persists, until the violation(s) has been rectified (i.e., \$500.00 upon expiration of the first 30-60 day time period, \$1,000.00 upon expiration of the second 30-60 day time period, \$1500.000 upon expiration of the third 30-60 day time period, \$2,000.00 upon expiration of the fourth 30-60 day time period, and so forth).

If the owner or occupant has made steps toward remedying the violation(s), and can provide satisfactory evidence of such progress to the District, then the owner or occupant will qualify to request a refund of up to half of the Business Noncompliance Fees assessed by the District.

If, at any time, the District determines that the issued Business Noncompliance Fees are not achieving the owner or occupant's timely remedy of the violation(s), the District may pursue legal action against the owner or occupant including, but not limited to, requesting that law enforcement issue a Misdemeanor Citation. The owner or occupant will continue to be issued Business Noncompliance Fees while any legal proceedings are occurring, until the violation(s) is remedied.
